

## Qasim Zia

Atlanta, GA | 404-532-9684 | [qzia1@student.gsu.edu](mailto:qzia1@student.gsu.edu) | <https://www.linkedin.com/in/qasimzia/> | <https://qasimziaphd.github.io/>

## RESEARCH INTERESTS

Artificial Intelligence | Machine Learning | Data Science | Software Engineering | Vehicular Ad hoc Networks | Digital Twin Networks | User Privacy

## EDUCATION

### Ph.D. - Computer Science

Georgia State University

May 2027

Atlanta, GA

- GPA: 3.85/4.0
- Graduate Research and Teaching Assistant recipient
- USPKC Scholarship recipient

**Relevant coursework:** Artificial Intelligence | Fundamentals of Data Science

### Master of Science – Computer Science

Georgia State University

December 2024

Atlanta, GA

- GPA: 3.90/4.0
- Graduate Research and Teaching Assistant recipient
- USPKC Scholarship recipient

**Relevant coursework:** Approximation Algorithms | Advanced Database Systems | Advanced Machine Learning | Secure and Private AI | Adv Human Computer Inter | Privacy-Aware Computing

## CERTIFICATIONS

Computer Graphic Design from the National College of Arts, Lahore

Technical Course Track Freelancing from e-Rozgaar Program

Capacity Building Program from Punjab Higher Education Commission at Qasim Ali Shah Foundation

Huawei Certification HCIA (Security) Certificate No. 01010030180803865483671

Huawei Certification HCIP (Routing and Switching) Certificate No. 01020010380804265530223

Huawei Certification HCIA (A.I.) Certificate No. 01010200162380804297543277

## SKILLS

- |                   |                               |                      |              |
|-------------------|-------------------------------|----------------------|--------------|
| • HTML & CSS      | • C                           | • C++                | • JAVA       |
| • Microsoft Visio | • Rational Rose               | • Assembly Language  | • JavaScript |
| • Servlet & JSP   | • Java Enterprise Programming | • System Programming | • Linux      |

- **Photoshop**
- **Oracle**
- **SIMCA**
- **WIX**
- **SQL**
- **C#**
- **Weka**
- **MS Office**
- **Ruby on Rails**
- **Matlab**
- **WordPress**
- **Python**
- **Packet Tracer**
- **NS2 & NS3**
- **CANVA**
- **Big Query**

## PROJECTS

Design High and Low-Level Architecture of **Retail Management Systems**

**Brick Game** by using object-oriented programming in C++

**Messenger Development** using Internet Programming

**RIP and Other Networking Protocols** Simulation in **Packet Tracer**

Implement **DES** in C++

Implement the fundamental functionality of **Oracle Database**

**Pharmacy System** by using desktop and web programming in **JAVA**

**Linux** kernel programming, removing a Debian bug

**Watermarking** insertion in an Image through programming using **MATLAB**

**WSN Thesis (Data-centric protocols in WSN)**

Simulation of different **Benchmarks** on **Simulators**

**LISP** and **Prolog** programming for Sorting

Implement diverse **Data-Centric** protocols in **NS2**

Implement **AODV** and **VANET Priority Protocol** in **NS2**

Research Project on **PHP** and **.NET**

Final Project of Retail Management System in **C#.NET**

**MS(SE) Thesis** title: "**Improving Response Time and Security of Vehicular Ad hoc NETWORKS (VANET)**"

Approximation Algorithm Project of "**Comparison of Greedy Node Deletion and DFS Backtracking vs. Bron-Kerbosch without pivots and Greedy Color.**"

Advanced Machine Learning Project of "**Rocket League Predictor**" to determine which team will score within the next ten seconds

Database Project of "**Comparison of MySQL and Big Query**" using Advanced Database Concepts(Indexing, Clustering, Query Evaluation)

Secure and Private AI Project compares techniques for privacy-preserving machine learning: "**Federated Learning, Split Learning, Differential Privacy, PATE, SplitFed Learning(SFL), Envasion Attacks, Poisoning Attacks, Extraction Attacks.**"

Human-Computer Interaction Project of "**Online Tutorial Website Interface Redesign**" using Advanced HCI concepts

Privacy-Aware Computing Projects: "**Seed-based De-anonymization and Seed-free De-Anonymization,**" "**Membership Inference Attack,**" and "**A method (algorithm) to realize privacy-utility tradeoff in data publishing.**"

Data Science Project of "**Income Prediction Analysis**" on the UCI Adult Dataset.

## **DISTINCTIONS, HONORS, AND AWARDS**

- Recognized as a Fellow of the Computer Science Research Council(FCSRC), Global Journals, **Open Association of Research Society(USA)**
- **Graduate Teaching Assistant (GTA)** at Georgia State University
- Ph.D. Funding as a **Graduate Student Research Assistant(GRA)** for 5 Years under the "**US Pakistan Knowledge Corridor**"

## **WORK EXPERIENCE**

**Georgia State University | Teaching Assistant**

- Design taught and assessed labs of **System Level Programming**
- Preparation and Grading of Labs and Exams in **Software Engineering**
- Preparation and Grading of Assignments and Exams of **Fundamentals of CyberSecurity**
- Preparation and Grading of Assignments and Exams of **Principles of Computer Science I**

**Aug 2023 – April 2025**

Atlanta, GA

**Higher Education Department | Assistant Professor**

- Develop appropriate assessments and examine projects
- Providing support and guidance on academic issues
- Delivering lectures and tutorials
- Conducting Research
- Developing Curriculum and Course Materials
- Participating in Academic and Administrative Activities

**Dec 2017 – Dec 2021**

Lahore, Punjab

**Government College Township | Website In-Charge**

- Planning, managing, and monitoring the college website.
- Identifying and responding to all website security breaches.
- Updating HTML, CSS, and JavaScript regularly.
- Conducting content audits to eliminate redundant and duplicate information.
- Creating appropriate website content aligned with the college strategy.
- Ensuring website quality and efficiency by conducting regular test plans.
- Collaborating with all staff and management to ensure the website has updated information.
- Keep up-to-date with HEC best practices and monitor other college websites.

**Jan 2018 – Dec 2021**

Lahore, Punjab

**Superior University | Lecturer**

- Develop appropriate assessments and examine projects
- Providing support and guidance on academic issues
- Delivering lectures and tutorials
- Conducting Research
- Developing Curriculum and Course Materials
- Participating in Academic and Administrative Activities

**Jan 2017 – Nov 2017**

Lahore, Punjab

**Virtual Force | Software Engineer**

- Develop and Execute Project Plans
- Manage and execute the software development life cycle
- Write well-designed and testable code
- Apply best practices and standard operating procedures
- Create innovative solutions to meet technical needs

Lahore, Punjab
